If a contestant is using any tools that are not included on this list, which will be considered an unfair advantage and that contestant will not be permitted to use them. All tools must be in good working order. Any tool considered unsafe or not in good working order by judging staff will not be allowed to be used. Safety glasses, hard hats, work boots and a ground fault circuit interrupter are required for each contestant. Suggested use of appropriate work gloves.

## Contest Standards

## **Contest Skilled Performance Standards**

**C 1.0** - Read blueprints and specifications by interpreting dimensions and specifications, as well as door, window and finish schedules while understanding common blueprint abbreviations and symbols.

**C 2.0 -** Organize building site/materials in a safe and sequential manner while using builder's level and transit properly.

**C 4.0** - Construct rough framing by identifying and selecting framing members and installing frame components while meeting OHSA standards.

## Aligned ODEW Construction Career Field Technical Content Standard Outcomes

Outcome 2.3 Equipment Operation

**Outcome 3.5** Floor Framing

Outcome 3.6 Wall Framing

**Outcome 3.7** Roof Framing and Finishing

Outcome 3.9 Stairs

Outcome 6.1 Construction Math

**Outcome 6.2** Construction Drawings

Outcome 6.5 Field Organization

Above Outcomes can be found in the following ODEW courses:

C 5.0 - Construct roof framing by determining rafter lengths, making calculations, laying out a plan, framing and installing roof sheathing  C 8.0 - Build stairs by laying out stringer and stringer sets, calculating rise, run and tread cutting and installing stair treads and stair skirts  C 10.0 - Using and maintaining tools safely per manufacturers' recommendations.  178001 Construction and Masonry Technical Skills  178003 Structural Systems  178022 Construction Management  178023 Remodeling and Renovation  Site Logistics
